

PROFILE	Designs interfaces and builds them into working AI-driven products - iOS apps, narrative websites, and data-rich dashboards for startups and scale-ups.	
EXPERIENCE	Freelance Senior Product Designer, AI Design Engineer 2022 – Present · Berlin	End-to-end product design: research, design systems, interaction design, and delivery. Currently designing an AI-first iOS wellness app , an Apple App of the Day across multiple countries with millions of users. Led the product pivot to AI-first coaching; designed the neuroscience-backed progression system and end-to-end UX design from zero to one.
	Overspace Co-Founder 2022 – Present · Berlin	Co-founded a product design studio for startups and teams, delivering strategy, research, UI/UX design, and design systems .
	Leap Founder 2016 – 2022 · Odesa, Ukraine	Founded Leap, a health snack brand that reached 1000+ shops and cafés across Ukraine. As sole founder, led product and packaging design , manufacturing, distribution, social media, and hiring the team that ran it. Startups value this generalist range across UX/UI design.
